# DL SHAH TRUST / ASSP Safety India Award 2019

AMERICAN SOCIETY OF  
SAFETY PROFESSIONALS

## D. L. Shah Trust/ASSP Safety India Award/Program Announcement

Dear HSE&S Professionals in India,

As you know, ASSP Region IX (Global) Chapters located in India are gearing up for its Forth Professional Development Conference and Exposition, HSE India PDC 2019, which is scheduled to take place in New Delhi on February 14-15, 2019. Our 1<sup>st</sup> such conference in May 2014 in Chennai, the 2<sup>nd</sup> in Mumbai in October 2015, and the 3<sup>rd</sup> in Hyderabad in February 2017, were very successful. We hope that this upcoming conference will be even bigger and better building on the success of the previous events

In order to promote and enhance the Occupational Safety and Health profession and the professionals in India, ASSP has partnered with D. L. Shah Trust and instituted national-level country-wide awards on HSE&S, consisting of three equal awards in these fields: Occupational Safety and Health, Environment and Sustainability. Three recipients, (HSE professionals) working in India, who are making significant contributions in Occupational Safety and Health; Environment; and Sustainability (OSH/E/S), will each receive an honorarium in Indian Rupees and an engraved statuette or a plaque. The inaugural presentation of these awards will take place at HSE&S ASSP India PDC 2019 in New Delhi on February 15-16, 2019

Purpose, Eligibility and judging criteria are very much available at award guide. However, for nomination and Endorsement forms please refer attachments, which are also cited on the websites of the HSE&S India PDC 2019 and also on the websites of all the four chapters in India. Last Date for nomination / submission of documents is on or before October 31<sup>st</sup> 2018 by email to: [pateljc2002@yahoo.com](mailto:pateljc2002@yahoo.com). For more information, please visit: <https://region9.assp.org/aeolus-news/d-l-shah-trust-assp-safety-india-award/#more-2698>

July 15, 2018	Announcement of awards
October 31, 2018	Last Date of nomination
November 15, 2018	Verify education and credentials including work location in India. And petitions will be sent out to the committee members for evaluation
December 10, 2018	Results of the Committee members deliberations shared with the Committee Chair
December 20, 2018	The Committee will hold a conference call meeting to finalize decisions to conclude the finalists
December 22, 2018	The Committee Chair will present award decisions to the DL Shah Trust & ASSP
December 27, 2018	The Committee Chair to send out Formal notification inviting to receive the awards at the HSE India 2019 PDC, New Delhi
February 15-16, 2019	Award presentation at the PDC in New Delhi

## Organizational Updates

---

# Member Communities

ASSP is where occupational safety and health professionals find a vibrant community—one that helps them grow professionally through education and networking, and advocates for the profession.

## What's Happening in Member Communities?

- Membership has reached new levels!
- 2018 Future Safety Leaders Conference
- 2019 Call for Nominations – Now Open

# Education

ASSP is the preferred source for education among safety professionals, providing valuable training, networking, knowledge, skills and continuing education.

## What's Happening in Education?

- Safety 2018 Attendance and Exposition Were Largest Ever
- New ASSP App Brings Virtual Reality to Fall Protection Training

# Standards

ASSP is a leader in the evolution of voluntary occupational safety and health standards that reflect recognized best practices, both in the United States and internationally.

## What's Happening in Standards?

- ASSP Publishes First U.S. Standard for Construction and Demolition of Wind Turbines Best Practices Sharing
- ASSP Asks OSHA to Recognize ANSI/ASSP Standards for Cranes and Derricks in Construction

# Advocacy

ASSP strives to uphold and elevate the value of the safety and health profession through innovation, thought leadership, and objective, unbiased, science-based approaches to safety and health practices.

## What's Happening in Advocacy?

- New Academic and Research Council to Advance Safety and Health Profession
- OSHA Updates:
  - OSHA Extends Some Compliance Dates for Beryllium Standard
  - OSHA Proposes Rule to Better Protect Personally Identifiable Information

# ***News & Announcements***

FALL ROC 2018

# Community Leader Resources

Find your tools & tips on [assp.org](https://www.assp.org) in the new **Community Leader Resources** section with:

*Improved navigation* – search by what you want to do

*Simplified content* – find what you need more quickly

*Opportunities for collaboration* – learn about ways to connect with other ASSP member communities

<https://www.assp.org/community-leader-resources>

# ASSP Online Community

## What is it?

Exclusive ASSP online collaboration and networking platform

## What will it do?

- Enable effective two-way member communication and reduces email clutter
- Enable leaders to connect and share best practices across regions
- Enable leaders to work more collaboratively in a centralized, virtual space

## How can you help?

### Your Support

- Your support is critical to the success of the community. This is a community shaped *by* members *for* members.

### Your Participation

- Contribute to the online community by engaging in global discussion forum topics

### Your Perspective

- Share your unique insight as an ASSP Chapter Leader and feedback as a valued ASSP member

## Calling all Communities: Tell Your Stories in *Society Update*

Your contributions influence other members

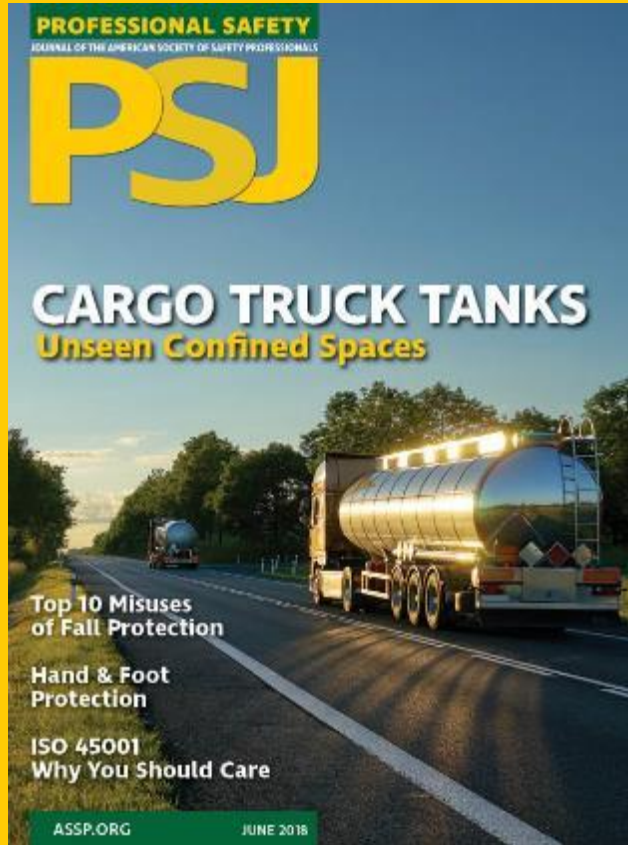

Did you host a successful event, help your local community, raise scholarship funds?

Did a member receive special recognition from his/her employer, professional group or community?

Brag about it to ASSP!

Contact [societyupdate@assp.org](mailto:societyupdate@assp.org) to learn more

<https://www.assp.org/news/society-update>

# Promote your event in PSJ

You've reserved the meeting space, booked the speakers, sold the expo space. Now tell people about it!

## Get listed in PSJ Events Section

Send the event title, date, location, and contact information at least 3 months ahead to

[Communications@assp.org](mailto:Communications@assp.org)

## Buy an ad at a discounted rate

Half page 4-color: \$500

Quarter page 4-color: \$250

Sixth page BW: \$120

Contact Tina Angley at [Communications@assp.org](mailto:Communications@assp.org) to learn more.

# Chapter on-site professional development

Host an ASSP on-site training course

- Members receive top-quality continuing education
- Demonstrate your chapter value
- Generate revenue to support your chapter programs

Course offered include

- Certification preparation workshops
- Certification programs
- Safety management seminars
- Customize courses to meet specific member needs

Chapters receive:

- Experience trainer with proven result
- Marketing resources and tools
- Course materials & assessment
- CEU's
- 10% of the course revenue

## ASSP LearnEx Online Courses

LearnEx courses allow for the same level of skill-building and engagement you expect in face-to-face training, without having to travel to a formal classroom. Take advantage of online interactive video lectures, virtual discussions, interactive games and scenario-based/real-world assessments to advance your understanding of safety and drive results at your organization.

### Prevention through Design

3 weeks | 1.0 CEUs | Z590.3 Standard Included with registration

In this 3-week online course, you will explore the topic of PtD through interactive video lectures, course discussions, interactive games, and scenario-based/real-world assessments. Designed around the Z590.3 standard, this course includes three modules focused on hazard identification, risk assessment and practical applications and case studies. The course finishes with a practical project where you provide an example from your workplace.

### Essential Risk Assessment Tools for OSH Professionals

4 weeks | 1.4 CEUs

This course provides learners with the foundational understanding of essential risk assessment tools. Through four learning modules, your instructor will teach you how to utilize tools for hazard identification, modify risk assessment tools and apply risk assessment reduction concepts.

### ISO 45001

4 weeks | 2.1 CEUs | ISO 45001 Standard Included with registration

With the approval of the ISO 45001 standard, it's more important than ever to prepare yourself and your organization for its implementation. This LearnEx course will provide learners with an introduction to the standard through six different modules, and will contain exercises, examples and discussion board questions.

# ASSP Group Membership Option

AMERICAN SOCIETY OF  
SAFETY PROFESSIONALS

520 N. Northwest Highway  
Park Ridge, Illinois 60068  
USA

## Group Membership Benefits

Inspire and advance your safety team with an American Society of Safety Engineers (ASSE) group membership. No other organization provides more ways for safety professionals to connect with the people and resources they need to be successful. With an ASSE group membership, you can track your team's development, receive discounts on ASSE events, demonstrate value to your organization and more.

With your group membership of 10 or more, ASSE will provide:

### Unified Billing

You will receive one annual invoice and everyone in your group will have the same start/end date for. This will help with budget and expense management.

### Annual CEU Reports

You can see which services your members use and who is active, all while maintaining/growing your team's certifications.

### Discounts on ASSE events

Group membership includes a discount for our onsite Professional Development. We send an ASSE approved instructor directly to your work site. The attached grid will give you an idea of the of courses we can send to you.

### Add a Common Interest Group (CIG) or Practice Specialty (PS)

In one simple step, your memberships can include the CIG or PS of your choice. Adding a CIG or PS can be included in your single annual invoice.

### Substitute members when someone leaves your team

If your ASSE member leaves your team with six or more months of membership still active, you can substitute a new member for a \$50 administrative fee. This option is only available through the group membership plan. If your departing member has less than six months of active membership, their membership will remain with the individual.

Please use the Group Registration Form excel sheet to sign up your safety team as ASSE members. If you have any other questions about how ASSE group membership can help you advance your team and your company, please don't hesitate to reach out to me.

Tom Kerschner

6. Exceeding Earth's
7. Worker safety handbook slides
8. Complimentary download links on "Managing Safety (IOSH), Tool Box talk (Eye safety), Safety Hand book (Saudi Aramco) and Paint safety (CB&I slides)

Thank you

Sincerely

ASSP Region IX HSSE Standards & Regulatory Chair

Working together for a safer, stronger future

[www.region9.assp.org](http://www.region9.assp.org)

520 N. Northwest Highway, Park Ridge, IL 60068, USA

e-mail: [rvc@region9.assp.org](mailto:rvc@region9.assp.org)

As on date we have released three e-Bulletin and we strongly believe, providing relevant topics on standards / best practice information.

For the benefit of HSSE professionals, We encourage all ROC and Chapter officers to provide supportive articles and inputs

AMERICAN SOCIETY OF  
SAFETY PROFESSIONALS  
Region IX

## The Bulletin

-From HSSE Standards, Regulatory and Practices Chair

### Student membership campaign presentation tips

Being a student member of ASSP means more than just coming together with fellow safety students.

Your development as a safety professional is not the result of a single course or a memorable professor. It's the result of a whole series of decisions you make about your future career. At ASSP, we provide you with opportunities to build your network, expand your education, grow your career, learn from industry experts and earn scholarships.

A contribution from Maddhu NC, ASSP Region IX, HSSE Standards & Regulatory Chair  
Past ASSP Region IX Student Engagement Chair

In recent days some of ROC members asking me to share presentations on Student Membership and Student Section promotion / awareness campaigns. Here sharing some of key input / points and tours can be tailor made presentations.

Countries like India, the buzz word in education system is "FILLING THE GAPS BETWEEN ACCADEMIA AND INDUSTRY" "LACK OF SKILLS" "ACADEMIA IS NOT PREPARING STUDENTS UPTO THE LEVEL OF INDUSTRY EXPETATIONS" and so on. May the filling Skill gap is in demand in every country. As an experienced professional and having interest in helping students, you can consider these buzz words as guidelines.

Another important aspect is, almost all regulatory or third-party accredited institutions / colleges / universities may already have some student societies / chapters, which existing for name sake or in a long hibernation mode. When you propose to establish ASSP student section, they should not feel "chapter like another chapter", sometimes this kind of attitude of an institution become a bottleneck.

To prevent such situations, we must do the basic home work on various aspects;

- Do some survey on "present employment opportunities" in your region/country
- Statistics on number of Engineering and Non - Engineering graduates in a given academic year (every year)
- What is the conventional/preferable stream for getting better employment

- What are the core industries in your region / country (if you take our region, core industries are Information Technology, Pharma and few manufacturing industries)?
- Current recruitment trends. Try to get the basic information with any HR professionals or groups
- Little information on Recruitment policy
- Industrial rules on OSH / EHS recruitments
- Curriculum oriented / base skill sets and trainings (most essential)
- Check the student credentials in LinkedIn

If you have information on these lines, if you notice, knowingly or unknowingly, you are learning four major skills which you can emphasize during interactions with students. Those skills are "Observation, Research, Outreach, and Business Acumen". Make sure and assure that membership in ASSP is a stepping stone to career enhancement and advancement in the high plateau.

Some of skills are inherent and you can emphasize in your interaction and presentation. Like: Participation in section activities, students will have OPERATIONS opportunities, LEADERSHIP roles and opportunities, PERSONAL growth and development. Those opportunities are not easily available elsewhere. Some additional learning benefits are TRAINING, TEAM WORK, NEGOTIATION SKILLS, DECISION

My recent briefing on Student membership and student section benefits, provided insights and input for preparing student presentation / talks

AMERICAN SOCIETY OF  
**SAFETY PROFESSIONALS**

Telangana Chapter

Supporting initiatives for Telangana Chapter:

Installing 4 student sections by the end of November 2018

Series of Technical trainings on Construction, Mechanical and Electrical engineering students

For students, introducing ergonomics, health care sector safety and safety in facility management

Tying with the highly reputed organization for training on community first responder programs for students

# Region IX Communication Protocols

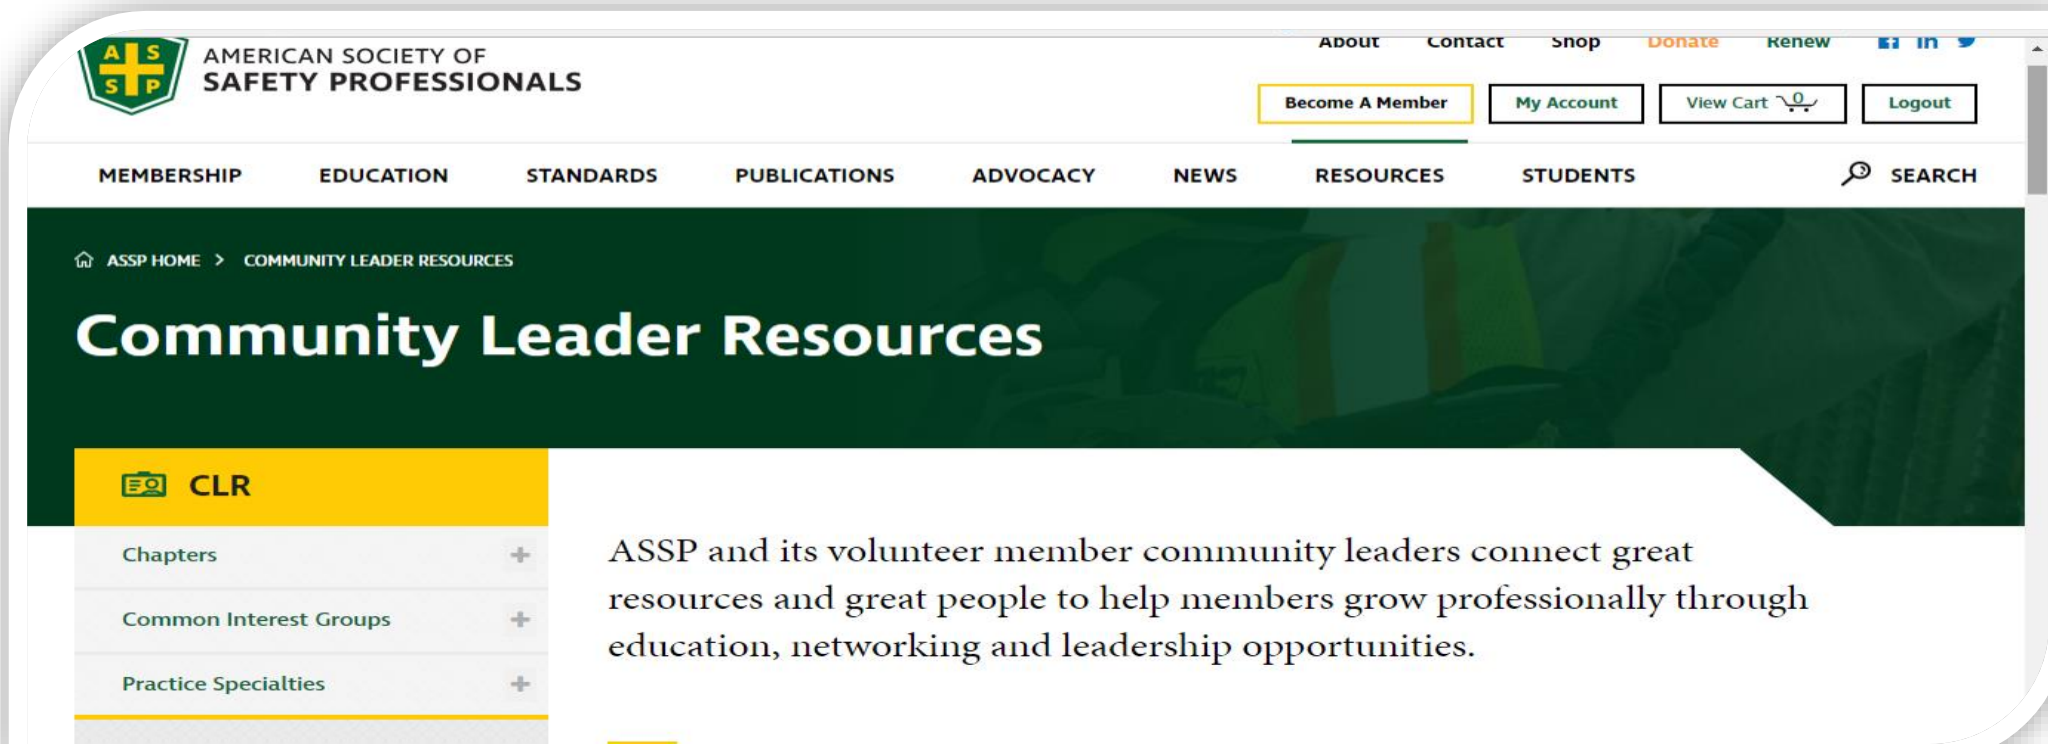

- Monthly 3x3 Flash Reports by all ROC members
- ADs communication/ participation in their Chapter meetings (virtual / F2F) on monthly basis
- Chapters to keep their ADs/ RVP in CC for their communications with ASSP –HQ
- Chapter WhatsApp Groups to have their AD & RVP for better interactions / sharing of updates etc
- Chapter EC MOMs to copy their AD and RVP for better interactions
- Region Chairs to keep RVP & DRVP in their communications
- Any other suggestions ???

# Region IX Communication Tools

- Region IX Website – <http://region9.asp.org>
- Region IX Whatsapp Group (Protocol)
- Region IX Facebook Account
- Region IX e-Bulletins, Chapter News letters
- Events calender on the Region IX website

# Region IX Chapters Resources

<https://www.assp.org/community-leader-resources/chapters/chapter-communications/chapter-communities-marketing-kit>

# **An overview of International Practice Specialty by Mr.Bala, IPS Administrator**

# CoPS

**It is one of the 5 councils representing ASSP members interests**

- This Council is active with technical recognition, technical content, support of other communication media, standards development, and support to the practice specialities and common interest groups.
- Serving as technical resource and reference body for Society Members, academia, the ASSE Foundation and the Board of Directors.

# Practice Specialties

ASSP practice specialty communities provide members an accessible, virtual network of peers focused on developing and sharing *technical and professional content* and applying it to solve common safety challenges to become *better safety professionals*.

We represent safety professionals in all industries — offering you unique opportunities to network with others in your line of business or who share your area of expertise.

PS Value Statement

# Practice Specialties

# International Practice Specialty

- ASSP IPS supports one of the key elements of the Society's vision statement—to provide global leadership for the safety profession.
- IPS enhances the professional development of its members through an open exchange of ideas, technology, research and management processes.
- IPS provides a network for like-minded safety professionals, and it has developed into a resource on matters of importance to the global safety profession and to the Society as a whole.

[www.assp.org/international-ps](http://www.assp.org/international-ps)

# Benefits of joining IPS

IPS has its own advantages and also it has Value Statement

- Advantages include:
  - ✓ Professional Development
  - ✓ Build Your network
  - ✓ Member Resources
  - ✓ Information and Idea
  - ✓ Leadership

# Networking

## Community and Networking Opportunities

- **Meet local OSH professionals through monthly chapter meeting's**
- **Practice Specialties offer the unique opportunity to network among OSH professionals in your industry**
- **Can participate into IPS community in Annual PDC**
- **Can also participate into other Chapter PDC, such as India PDC , Nigeria PDC, Egypt PDC,**

# Positions in IPS

<https://www.assp.org/membership/communities/practice-specialties/international>

- IPS is looking forward to receive applications from interested personnel for

- ☐ Asst. Administrator Post

- ☐ Other positions as well

# Student Membership Benefits

- One free practice specialty and common interest group

# Welcome Onboard

- IPS welcomes professionals to be part of this Global OHS Professionals Network
- For further liasioning and help, IPS Administrator may please be contacted.
